

Hiring AV Professionals

AV professionals are passionate about meeting client needs today, while anticipating tomorrow's technology demands. From current trends in audiovisual applications to emerging technologies, an AV professional can give you insights on how your environments can be up-to-the-minute and future-ready. AV professionals can help you creatively integrate the latest audiovisual technologies and applications to create inspired environments.

Follow these simple steps and you will be closer to finding the best AV professional for your project needs:

1. Understand the value of [hiring an InfoComm Certified Technology Specialist](#).
2. Visit www.ctsforav.com to get ideas and case studies on various AV/architectural projects.
3. Search for a CTS® at [AV Pro Finder](#).
4. Send a [Request for Qualification or Request for Proposals](#) through InfoComm.
5. Read [Choosing an AV Provider](#).

InfoComm Certified Technology Specialist

The InfoComm Certified Technology Specialist (CTS®) designation is an internationally recognized AV certification program.

CTS, CTS-D and CTS-I credentials are ANSI accredited under the International Standard ISO/IEC 17024 General Requirements for Bodies Operating Certification Schemes of Persons program.
